Tragic Stories from Niagara's Past O 9:00 \$5.00

There is a phenomenon in Niagara that is peculiar to all places of intense beauty. Some say that it is the presence of Deity Others say that there is a power-point of energy at Niagara. A strange duality of forces is definitely at play; something at once divinely beautiful, yet terrifying and violent at the same time. People fall hopelessly in love at Niagara ... and people feel compelled to commit terrible crimes at Niagara. And so it is inevitable that Niagara would be the home to great tragic events. This lecture will cover a widespread history of these tragic events, stories of the unique individuals who were a part of them and excerpts from two locally published books by the speaker, Michelle Ann Kratts: *The Missed; Tales of Spirit and Tragic End at Niagara Falls* and *Haunted, True Tales of Niagara*
